

AMENDED IN SENATE APRIL 26, 2011

AMENDED IN SENATE MARCH 1, 2011

SENATE BILL

No. 103

Introduced by Senator Liu

January 12, 2011

An act to amend Section 11123 of the Government Code, relating to state government.

LEGISLATIVE COUNSEL'S DIGEST

SB 103, as amended, Liu. State government: meetings.

Existing law authorizes a state body to conduct teleconference meetings.

This bill would authorize a state body, to the extent practicable, to conduct teleconference meetings.

This bill would require, upon the request of a member of a state body, a state body to hold an open or closed meeting by teleconference, unless the chair of that state body determines that it would be more costly to hold the meeting by teleconference than it would be to hold it in person.

This bill would require a state body that operates an Internet Web Site *site* to provide a supplemental live audio or video broadcast on the Internet Web site of its board meetings that are open to the public, and would specify that a technical failure to provide a live broadcast would not prohibit the ~~board~~ *body* from meeting and taking actions.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: no.

The people of the State of California do enact as follows:

1 SECTION 1. The Legislature finds and declares the following:

1 (a) That teleconferencing is a green technology, allowing
2 organizations to mitigate energy use by dramatically reducing the
3 need to travel.

4 (b) By communicating over video or telephone, organizations
5 can also substantially reduce their carbon footprint by reducing
6 the need to travel via high-emission methods, such as flying or
7 driving.

8 (c) Teleconferencing saves money by reducing the number of
9 trips taken annually, and this monetary savings is multiplied by
10 the cost of transportation to and from the airport, the flight, per
11 diem expenses, salary of time lost in traveling, and other incidental
12 expenses of travel.

13 (d) The amount saved by teleconferencing greatly exceeds the
14 minimal cost of investing and implementing teleconferencing
15 solutions, such as the cost for new equipment, services, and
16 training.

17 (e) Therefore, it is the intent of the Legislature that state bodies,
18 to the extent possible, conduct teleconference meetings in order
19 to save the environment and save the state money.

20 SEC. 2. Section 11123 of the Government Code is amended
21 to read:

22 11123. (a) All meetings of a state body shall be open and
23 public and all persons shall be permitted to attend any meeting of
24 a state body except as otherwise provided in this article.

25 (b) (1) A state body may, to the extent practicable, hold an open
26 or closed meeting by teleconference for the benefit of the public
27 and the state body.

28 (2) Upon the request of a member of a state body, the state body
29 shall hold an open or closed meeting by teleconference, unless the
30 chair of the state body determines that it would be more costly to
31 hold the meeting by teleconference than it would be to hold it in
32 person.

33 (3) The meeting or proceeding held by teleconference pursuant
34 to this subdivision shall otherwise comply with all applicable
35 requirements or laws relating to a specific type of meeting or
36 proceeding, including all of the following:

37 (A) The teleconferencing meeting shall comply with all
38 requirements of this article applicable to other meetings.

1 (B) The portion of the teleconferenced meeting that is required
2 to be open to the public shall be audible to the public at the location
3 specified in the notice of the meeting.

4 (C) If the state body elects to conduct a meeting or proceeding
5 by teleconference, it shall post agendas at all teleconference
6 locations and conduct teleconference meetings in a manner that
7 protects the rights of any party or member of the public appearing
8 before the state body. Each teleconference location shall be
9 identified in the notice and agenda of the meeting or proceeding,
10 and each teleconference location shall be accessible to the public.
11 The agenda shall provide an opportunity for members of the public
12 to address the state body directly pursuant to Section 11125.7 at
13 each teleconference location.

14 (D) All votes taken during a teleconferenced meeting shall be
15 by rollcall.

16 (E) The portion of the teleconferenced meeting that is closed
17 to the public may not include the consideration of any agenda item
18 being heard pursuant to Section 11125.5.

19 (F) At least one member of the state body shall be physically
20 present at the location specified in the notice of the meeting.

21 (2)

22 (4) For the purposes of this subdivision, “teleconference” means
23 a meeting of a state body, the members of which are at different
24 locations, connected by electronic means, through either audio or
25 both audio and video. This section does not prohibit a state body
26 from providing members of the public with additional locations
27 in which the public may observe or address the state body by
28 electronic means, through either audio or both audio and video.

29 (c) (1) If a state body operates an Internet Web site, the state
30 body shall, subject to all otherwise applicable requirements of this
31 article, provide a supplemental live audio or video broadcast on
32 its Internet Web site of each of its meetings that are open to the
33 public.

34 (2) If a technical failure prevents the body from providing a live
35 broadcast on its Internet Web site pursuant to this subdivision, that
36 failure shall not constitute a violation of this section if the ~~board~~
37 *body* exercised reasonable diligence in providing the live broadcast.

- 1 (3) Failure to provide a live broadcast due to a technical failure
- 2 shall not prohibit the body from meeting and taking actions as
- 3 otherwise provided by law.

O
